Investor Presentation

We refer to the release by the Company made 25 May 2010 that provided a copy of the Company presentation made by Simon Finnis, Managing Director of Cloncurry Metals Limited. The presentation was made at several venues for sophisticated investors in Sydney and Melbourne, as part of the Symposium Resources Roadshow on 25 and 26 May respectively, and to the AMEC conference in Perth on 1 June 2010.

It has been brought to our attention that some of the detail on selected slides may be ambiguous as to the potential of prospects at the El Rodeo Project in Mexico. Accordingly the Company has amended the presentation on a number of slides to ensure compliance with all relevant standards of disclosure.

The amendments made are noted as follows:

- Slide 8, with regard to the first bullet point on the Cacanicuas area
- Slide 9, with regard to the first and last bullet points on the La Calera area
- Slide 11, by deletion of the previous first two bullet points and insertion of a new second bullet point on the La Ferrosa area

A copy of the revised presentation will also be available on the Company website at www.cloncurrymetals.com.au

Yours faithfully

Barry J Casson
Company Secretary / Finance Director
